PROFESSIONAL SUMMARY

Solutions Architect with 9+ years of experience designing scalable distributed systems, cloud-native architectures, and high-impact software solutions. Proven track record of translating complex business problems into production-grade systems at Airbus. AWS Certified Solutions Architect – Associate. Passionate about AI/ML, system design, and mentoring high-performing engineering teams. Seeking to drive technical excellence at a product-first engineering organization.

CORE COMPETENCIES

Distributed Systems	Cloud Architecture (AWS)	System Design	API Design & REST	Microservices
Node.js / Angular	Java / JavaScript	Electron.js	Full-Stack Dev	Technical Leadership

PROFESSIONAL EXPERIENCE

Solutions Architect · Airbus India

Apr 2025 – Present | Bengaluru, IN

- Translate complex business requirements into scalable, secure, and cloud-native solution architectures with full delivery roadmaps
- Lead cross-functional engineering teams to deliver high-quality systems impacting thousands of end-users across the Airbus ecosystem
- Drive architectural governance, technology selection, and proof-of-concept evaluations for enterprise-grade solutions

System Architect · Airbus India

May 2022 – Mar 2025 | Bengaluru, IN

- Designed low-level architectures integrating multiple enterprise systems; drove solutions from PoC to developer-ready specifications
- Reduced integration complexity by defining clear service contracts and interface standards adopted across 3+ product teams
- Mentored engineers on design patterns, debugging, and system thinking, improving team delivery velocity

Senior Lead Software Engineer · Airbus India

May 2021 – Apr 2022 | Bengaluru, IN

- Led critical development projects end-to-end; served as technical anchor for requirement analysis and complex debugging

Software Engineer · Airbus India

Feb 2020 – May 2021 | Bengaluru, IN

- Built high-quality, robust algorithms and scalable modules still running in production systems today

Senior Software Engineer · Mindtree

Aug 2018 – Jan 2020 | Bengaluru, IN

- Built full-featured web applications for Hilton Grand Vacations (Node.js + Angular) and BOSE VideoBar VB1 (Electron.js) from scratch
- Mentored 18 graduates in full-stack development through the Orchard Kalinga program, converting freshers into industry-ready engineers

Software Engineer · Nous Infosystems

Apr 2017 – Aug 2018 | Bengaluru, IN

- Delivered backend and frontend solutions for Healthcode (Java + JavaScript); built a production-ready airline ticketing system from scratch

CERTIFICATIONS & EDUCATION

AWS Certified Solutions Architect – Associate

Responsive Web Design (freeCodeCamp)
Outstanding Performer Award (Airbus, 2018-19)
Intra Hackathon Winner

B.E., Electrical & Electronics Engineering

Visvesvaraya Technological University · 2012 – 2016
Publications: Unit-of-Work Package · Algorithm Design Guideline
